Published by Social Business Wales, May 2017

Social Business Wales is funded by the European Regional Development Fund and Welsh Government. It is delivered by the Wales Co-operative Centre and is part of the Business Wales service.

In Autumn 2016, Social Business Wales commissioned Wavehill Ltd to conduct research and data collection about the social business sector in Wales. Social business is an umbrella term which includes social enterprises, co-operatives and employee-owned businesses. During this exercise, 654 social businesses gave their consent to be listed in this directory. The directory does not list all social businesses in Wales.

Social Business Wales accepts no liability for the content of this directory, or for the consequences of any actions taken on the basis of the information provided.

Any amendments should be emailed to marketingteam@wales.coop.
